Our insurance program is designed for our janitorial clients and includes extra coverage such as:

**Care, Custody and Control**

A program designed to provide coverage for damage caused to property in our care, custody or control.

**Extended Property Damage**

Our insurance includes theft of a client's property which our staff could be legally liable for.

**Lost Key Coverage**

All technicians are properly trained in the client's locking and alarm procedures, however, this insurance plan provides for the rekeying of a client's building due to lost or stolen keys.

All of our staff are background checked and trained for each specific location. We know our success depends on quality technicians.
